Where am I covered?

- ✓ The cover applies worldwide.

What are my obligations?

- At the beginning of the contract: the policy holder must complete a new affiliation request and a medical questionnaire. He must also inform the insurer of any factor that may influence the assumption of the risk. He must also pay the premiums.
- During the duration of the contract: the policy holder must inform the insurer of any changes that may affect the premium requested or the maintenance of the contract. He must inform the insurer as soon as possible of any convention covering a similar or identical risk, either totally or partially.
- In case of a claim: the policy holder must inform the insurer as soon as possible, complete the payment request and provide him with all the supporting documents of his expenses.

When and how do I pay?

As from the joining date, the policy holder has to pay his premium on due date, by bank transfer or direct debit according to the agreed periodicity.

When does the cover start and end?

The policy starts the first day of the month following the month during which the insurer received the duly completed «new affiliation request or request to change a product» and «medical questionnaire», upon payment of the first premium. This is a life policy. It ends, however, in the event of termination, non-payment of premiums, transfer to a health insurance fund other than the Independent health insurance funds, in case of fraud or when the policy holder loses the quality of member in order at the level of his/her health insurance fund following the non-payment of the contributions for the complementary insurance of his/her health insurance fund.

How do I cancel the contract?

The policy holder may cancel the contract by registered letter, electronic registered letter, delivery of a writ or a letter of cancellation against deposit receipt, with a prior notice of at least one month.
